SECTION D – SURVEYOR, ENGINEER, OR ARCHITECT CERTIFICATION (CONTINUED)

Copy both sides of this Elevation Certificate for (1) community official, (2) insurance agent/company, and (3) building owner.

Comments NGVD 1929 was used because it reflects the elevation stamped on the USGS Bench Mark (H 5 PID ET0631) used for this Certificate and has been widely used for other surveys in the area. The above coordinates are for the well casing because of its use as the building area benchmark, the permanence of the structure and the windmill, which rises above the native vegetation and makes the well easy to find.
