MEMORANDUM

December 29, 2005

Pages 1

TO: Attachment to FEMA Elevation Certificate

FROM: Kenneth E. Spedding, Floodplain Administrator
Development Services

RE: APN 406-13-087C – 4265 East Garden Lane

The property was audited by the Federal Emergency Management Agency on the August 1, 2005 Community Assistance Visit for Yavapai County, based on the electrical meter being below the 100-year base flood elevation.

The County contacted the homeowner and instructed the homeowner either to elevate or construct a flood proof wall around the meter. Based on a December 23, 2005 site inspection, the electrical meter was raised above the base flood elevation and the area below the base flood was surrounded by waterproof concrete blocks (see attached photos).
