

NOTES TO USERS

This map is for use in administering the National Flood Insurance Program. It does not constitute a warranty of any kind, and it is not intended to be used for purposes other than those intended by the Federal Emergency Management Agency.

To obtain more detailed information in areas where **Base Flood Elevations** are shown, please refer to the Flood Insurance Study (FIS) report that contains the Flood Profile and Floodway Data and/or Summary of Elevation Exemptions data contained within the Flood Insurance Study (FIS) report that contains the Flood Profile and Floodway Data and/or Summary of Elevation Exemptions data. These FISs should be available at the FEMA Region 9 office. The FISs should be available at the FEMA Region 9 office. The FISs should be available at the FEMA Region 9 office.

Coastal Base Flood Elevations shown on this map apply to the coastal areas of the United States. These elevations are based on the National Oceanic and Atmospheric Administration's (NOAA) National Tidal and Current Survey (NTCS) data. These elevations are based on the National Oceanic and Atmospheric Administration's (NOAA) National Tidal and Current Survey (NTCS) data.

Documents of the Floodway were compiled at cross sections and interpolated between cross sections. The documents were based on hydrologic calculations with input of measurements of the National Flood Insurance Program. Floodway widths and other pertinent floodway data are provided in the Flood Insurance Study report for information on flood control structures for this jurisdiction.

Certain areas not in Special Flood Hazard Areas may be protected by flood control structures. Refer to Section 2.1 "Flood Protection Measures" of the Flood Insurance Study report for information on flood control structures for this jurisdiction.

The projection used in the preparation of this map was Universal Transverse Mercator (UTM) Zone 12. The datum used was the North American Datum of 1983. All elevations are in feet above mean sea level. For information regarding conversion between the National Oceanic and Atmospheric Administration's (NOAA) National Tidal and Current Survey (NTCS) datum and the National Geodetic Survey's datum, please refer to the National Geodetic Survey's datum conversion information.

Flood elevations on this map are referenced to the North American Vertical Datum of 1983. These flood elevations must be compared to structures and ground elevations referenced to the same vertical datum. For information regarding conversion between the National Oceanic and Atmospheric Administration's (NOAA) National Tidal and Current Survey (NTCS) datum and the National Geodetic Survey's datum, please refer to the National Geodetic Survey's datum conversion information.

 Silver Spring, MD 20910-3282
 (301) 761-3322

To obtain current elevation, description, and/or location information for **beams** shown on this map, please contact the Information Services Branch of the National Geodetic Survey at (301) 761-3322, or visit its website at <http://www.ngs.noaa.gov>.

Base map information shown on this map was provided by Yavapai County. This map, produced in 2005, was provided in digital format at a scale of 1"=1,000'.

This map, which shows natural and man-made features, does not constitute a warranty of any kind, and it is not intended to be used for purposes other than those intended by the Federal Emergency Management Agency.

To obtain more detailed information in areas where **Base Flood Elevations** are shown, please refer to the Flood Insurance Study (FIS) report that contains the Flood Profile and Floodway Data and/or Summary of Elevation Exemptions data contained within the Flood Insurance Study (FIS) report that contains the Flood Profile and Floodway Data and/or Summary of Elevation Exemptions data. These FISs should be available at the FEMA Region 9 office. The FISs should be available at the FEMA Region 9 office. The FISs should be available at the FEMA Region 9 office.

Geographic details shown on this map are based on the best data available at the time of publication. Because changes due to amendments or discontinuance may have occurred since the map was published, map users should contact appropriate community officials to verify current corporate line locations.

Please refer to the explanatory notes that appear on the cover map of the county showing the layout of map panels, community map regulatory jurisdiction, and a listing of communities with participating National Flood Insurance Program zones for each community as well as a listing of the panels on which each community is located.

Contact the **FEMA Map Service Center** at 1-800-358-6118 for information on available products associated with the FIS. Available products may include preliminary report letters of Map Change, a Flood Insurance Study report, and/or digital versions of the FIS. The FEMA Map Service Center can also be reached by fax at (800)358-6118 or by e-mail at fema@fema.dhs.gov.

If you have questions about this map or requests concerning the National Flood Insurance Program in general, please call 1-877-FEMA-MAP (1-877-336-6277) or visit the FEMA website at www.fema.gov.
