

NOTES TO USERS

This map is for use in determining the National Flood Insurance Program, it does not necessarily identify the areas subject to flooding, particularly from the consequences of wind or fire. This information is intended solely for use in determining the National Flood Insurance Program.

To obtain more detailed information in areas where Base Flood Elevations are indicated, users are encouraged to consult the Flood Profiles and Floodway Data and/or Summary of Damaged Structures data related to the Flood Insurance Study (FIS) report that encompasses this FEMA District. Users should be aware that the FIS report represents the best available information at the time of the FIS report. Flood profiles may be obtained from the FIS report. Flood profiles may be obtained from the FIS report. Flood profiles may be obtained from the FIS report.

Coastal Base Flood Elevations shown on this map apply to the National Flood Insurance Program. These elevations are based on the National Flood Insurance Program. These elevations are based on the National Flood Insurance Program. These elevations are based on the National Flood Insurance Program.

Boundaries of the Floodway were computed at cross sections and interpolated between cross sections. The Floodway was based on hydrologic conditions with respect to the National Flood Insurance Program. Floodway widths and other pertinent Floodway data are provided in the Flood Insurance Study report for the jurisdiction.

Certain areas not in Special Flood Hazard Areas may be protected by Flood Insurance. Refer to Section 2.3 "Flood Protection Measures" of the Flood Insurance Study report for information on flood control structures for this jurisdiction.

The protection used in the preparation of this map was: Universal Transverse Mercator in datum, segment projection or UTM zones used in the production of FISs for adjacent jurisdictions, they must be equal or otherwise in map, human services jurisdiction boundaries. These differences do not affect the accuracy of this FIS.

Flood elevations on this map are referenced to the North American Vertical Datum of 1988. These flood elevations must be compared to structures and ground elevations referenced to the same vertical datum. For information regarding conversion between the National Flood Insurance Program datum and other vertical datums, users are encouraged to consult the National Geographic Survey at www.ngs.noaa.gov or contact the National Geographic Survey at the following address:

 (202) 778-4000

To obtain current elevation, description, and location information for bench marks shown on this map, please contact the Information Services Branch of the National Geographic Survey at (800) 778-6622, or visit its website at www.ngs.noaa.gov.

Base map information shown on this map was provided by Yavapai County. This map, produced in 2005, was provided in digital format at a scale of 1:10,000.

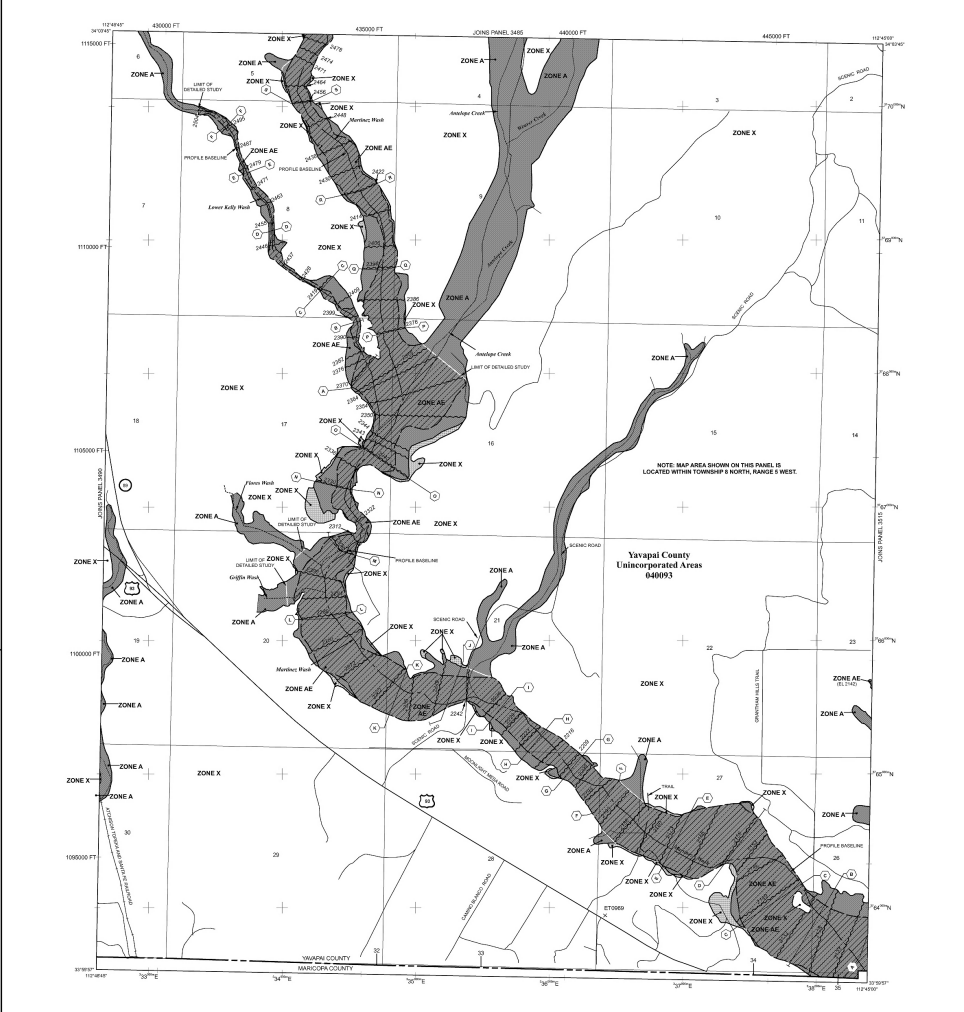

This map, which was created and printed using digital cartographic techniques from those shown on the previous FIS for this jurisdiction. The Floodway and Floodway Data were derived from the previous FIS. The Floodway and Floodway Data were derived from the previous FIS. The Floodway and Floodway Data were derived from the previous FIS.

Coastal Base Flood Elevations shown on this map are based on the best available information at the time of publication. Because changes due to accretion or sea-level rise may have occurred since the time of publication, users are encouraged to consult appropriate community officials to verify current coastal elevation locations.

Please refer to the explanatory notes that appear on an overview map of the county showing the layout of map panels covering map resolution additional, and a listing of contributing local governments National Flood Insurance Program zones for each community as well as a listing of the panels on which each community is located.

Contact the FEMA Map Service Center at 1-800-358-6118 for information on available products associated with the FIS. Available products may include preliminary Flood Insurance Study, Flood Insurance Study report, and digital elevation data. The FEMA Map Service Center can also be reached by fax at (800) 358-6118 or by e-mail at fema@fema.dhs.gov.

If you have questions about this map or questions concerning the National Flood Insurance Program, please call 1-877-FEMA-MAP (1-877-368-3677) or visit the FEMA website at www.fema.gov.
