

NOTES TO USERS

This map is for use in administering the National Flood Insurance Program. It does not constitute a warranty of accuracy or liability for flood damage. The accuracy of the information shown on this map is not guaranteed. The user assumes all responsibility for the use of the information shown on this map.

To obtain more detailed information in areas where Flood Hazard Elevations are shown, Flood Hazard Elevation Data are available from the Flood Insurance Study (FIS) report that accompanies the Flood Profiles and Floodway Data available from the National Flood Insurance Administration. Flood Hazard Elevation Data are available from the FIS report that accompanies the Flood Profiles and Floodway Data available from the National Flood Insurance Administration. Flood Hazard Elevation Data are available from the FIS report that accompanies the Flood Profiles and Floodway Data available from the National Flood Insurance Administration.

Coordinates of the Flood Hazard Elevation Data are based on the datum of the North American Vertical Datum of 1988 (NAVD 88). Users of this FIS should be aware that Flood Hazard Elevation Data are also available in the Survey of Flood Hazard Elevation Data in the Flood Insurance Study report for the jurisdiction. Coordinates shown in the Survey of Flood Hazard Elevation Data should be used for construction and flood management purposes when they are higher than the elevations shown on this FIS.

Boundaries of the Floodway are compiled at cross sections and interpolated between cross sections. The map was based on hydrologic calculations with input of information of the National Flood Insurance Program. Floodway walls and other pertinent floodway data are provided in the Flood Insurance Study report for the jurisdiction.

Certain areas not in Special Flood Hazard Areas may be protected by flood hazard elevations. Refer to Section 2.1 "Flood Protection Measures" of the Flood Insurance Study report for information on flood control structures for this jurisdiction.

The projection used in the preparation of this map was Universal Transverse Mercator, Zone 13. The datum used was NAVD 88. Coordinates of the Flood Hazard Elevation Data are based on the datum of the North American Vertical Datum of 1988 (NAVD 88). Users of this FIS should be aware that Flood Hazard Elevation Data are also available in the Survey of Flood Hazard Elevation Data in the Flood Insurance Study report for the jurisdiction. Coordinates shown in the Survey of Flood Hazard Elevation Data should be used for construction and flood management purposes when they are higher than the elevations shown on this FIS.

Flood elevations on this map are referenced to the North American Vertical Datum of 1988. These flood elevations must be compared to elevations and ground elevations referenced to the same vertical datum. For information regarding conversion between the National Geodetic Survey datum of 1988 and other datums, refer to the National Geodetic Survey website at <http://www.ngs.noaa.gov> or contact the National Geodetic Survey at the following address:

To obtain current elevation, description, and location information for benchmarks shown on this map, please contact the Information Services Branch of the National Geodetic Survey at (801) 770-0200, or visit its website at <http://www.ngs.noaa.gov>.

Base map information shown on this FIS was provided by Yavapai County. This map, produced in 2005, was provided in digital format at a scale of 1:10,000.

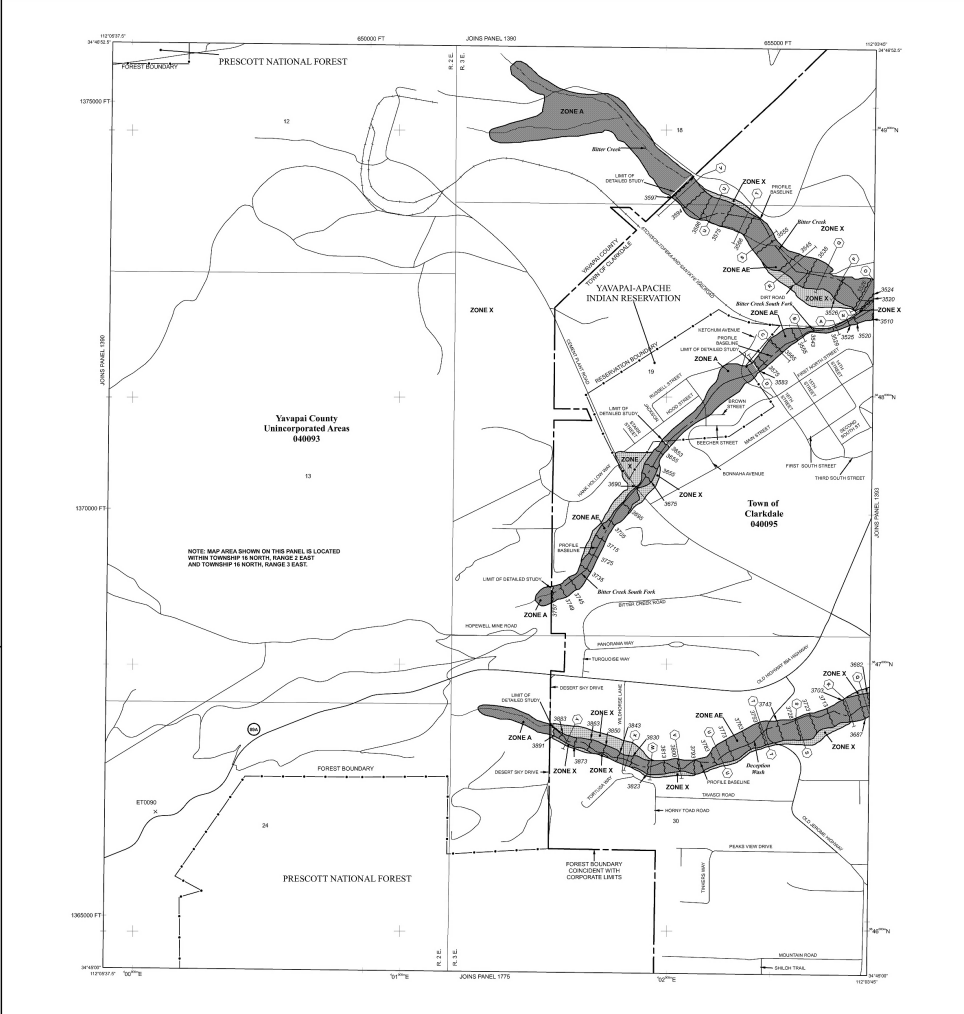

The map shows water control and drainage areas shown on the FIS report and the National Flood Insurance Administration. The map shows water control and drainage areas shown on the FIS report and the National Flood Insurance Administration. The map shows water control and drainage areas shown on the FIS report and the National Flood Insurance Administration.

Geographic data shown on this map are based on the best data available at the time of publication. Because changes due to construction or de-construction may have occurred since the map was published, map users should contact appropriate community officials to verify current project locations.

Please refer to the explanatory general map legend for an outline map of the county showing the layout of map panels. Community map regulatory additions and a listing of community data concerning National Flood Insurance Program zones for each community as well as a listing of the panels on which each community is located.

Contact the FEMA Map Service Center at 1-800-358-6118 for information on available products associated with this FIS. Available products may include preliminary report letters of Map Change, a Flood Insurance Study report, and/or digital versions of this FIS. The FEMA Map Service Center can be reached by fax at (800)358-6118 or by e-mail at fema@fema.dhs.gov.

If you have questions about this map or maps concerning the National Flood Insurance Program in general, please call 1-877-FEMA-1 (1-877-368-2677) or visit the FEMA website at www.fema.gov.

LEGEND

SPECIAL FLOOD HAZARD AREAS SUBJECT TO INUNDATION BY THE 1% ANNUAL CHANCE FLOOD

- ZONE A**: Special Flood Hazard Area - Flood Hazard Elevation
- ZONE AE**: Special Flood Hazard Area - Flood Hazard Elevation
- ZONE AH**: Special Flood Hazard Area - Flood Hazard Elevation
- ZONE AR**: Special Flood Hazard Area - Flood Hazard Elevation
- ZONE AV**: Special Flood Hazard Area - Flood Hazard Elevation
- ZONE V**: Special Flood Hazard Area - Flood Hazard Elevation

FLOODWAY AREAS IN ZONE AE

- ZONE AE**: Floodway Area - Flood Hazard Elevation

OTHER FLOOD AREAS

- ZONE X**: Special Flood Hazard Area - Flood Hazard Elevation

OTHER AREAS

- ZONE X**: Special Flood Hazard Area - Flood Hazard Elevation

BOUNDARIES

- FOREST BOUNDARY**: Dashed line with 'F'
- YAVAPAI-APACHE INDIAN RESERVATION BOUNDARY**: Dashed line with 'I'
- TOWN OF CLARKDALE BOUNDARY**: Dashed line with 'T'
- CONCRETE BARRIER REQUIRED BY OTHER CODES**: Solid line with 'C'
- OTHER AREAS**: Various symbols for other flood zones and boundaries.
