

**NOTES TO USERS**

This map is for use in administering the National Flood Insurance Program. It does not necessarily identify the areas subject to flooding, particularly from local sources, or provide for the use of the map for purposes other than those intended for the National Flood Insurance Program.

To obtain more detailed information in areas where Base Flood Elevations are shown, please refer to the Flood Insurance Policy (FIP) report for the area. The FIP report should be used to determine the actual flood elevation. The FIP report should be used to determine the actual flood elevation. The FIP report should be used to determine the actual flood elevation.

**Coastal Base Flood Elevations:** shown on this map are the actual elevations of the 1% Annual Chance Flood (ACF) based on the National Flood Insurance Program (NFIP) data. These elevations are based on the National Flood Insurance Program (NFIP) data. These elevations are based on the National Flood Insurance Program (NFIP) data.

**Boundaries of the Floodways:** were compiled at cross sections and interpolated between cross sections. The boundaries are based on hydrologic considerations and are not intended to represent the actual boundaries of the floodway. The boundaries are based on hydrologic considerations and are not intended to represent the actual boundaries of the floodway.

**Other Flood Areas:** shown on this map are the actual elevations of the 1% Annual Chance Flood (ACF) based on the National Flood Insurance Program (NFIP) data. These elevations are based on the National Flood Insurance Program (NFIP) data. These elevations are based on the National Flood Insurance Program (NFIP) data.

**Flood Elevation on this map:** are based on the National Flood Insurance Program (NFIP) data. These elevations are based on the National Flood Insurance Program (NFIP) data. These elevations are based on the National Flood Insurance Program (NFIP) data.

**Map Information:** shown on this map are the actual elevations of the 1% Annual Chance Flood (ACF) based on the National Flood Insurance Program (NFIP) data. These elevations are based on the National Flood Insurance Program (NFIP) data. These elevations are based on the National Flood Insurance Program (NFIP) data.

**Map Scale:** shown on this map are the actual elevations of the 1% Annual Chance Flood (ACF) based on the National Flood Insurance Program (NFIP) data. These elevations are based on the National Flood Insurance Program (NFIP) data. These elevations are based on the National Flood Insurance Program (NFIP) data.

**Map Date:** shown on this map are the actual elevations of the 1% Annual Chance Flood (ACF) based on the National Flood Insurance Program (NFIP) data. These elevations are based on the National Flood Insurance Program (NFIP) data. These elevations are based on the National Flood Insurance Program (NFIP) data.

**Map Author:** shown on this map are the actual elevations of the 1% Annual Chance Flood (ACF) based on the National Flood Insurance Program (NFIP) data. These elevations are based on the National Flood Insurance Program (NFIP) data. These elevations are based on the National Flood Insurance Program (NFIP) data.

**Map Contact:** shown on this map are the actual elevations of the 1% Annual Chance Flood (ACF) based on the National Flood Insurance Program (NFIP) data. These elevations are based on the National Flood Insurance Program (NFIP) data. These elevations are based on the National Flood Insurance Program (NFIP) data.

**Map Disclaimer:** shown on this map are the actual elevations of the 1% Annual Chance Flood (ACF) based on the National Flood Insurance Program (NFIP) data. These elevations are based on the National Flood Insurance Program (NFIP) data. These elevations are based on the National Flood Insurance Program (NFIP) data.

**Map Legend:** shown on this map are the actual elevations of the 1% Annual Chance Flood (ACF) based on the National Flood Insurance Program (NFIP) data. These elevations are based on the National Flood Insurance Program (NFIP) data. These elevations are based on the National Flood Insurance Program (NFIP) data.

**Map Symbols:** shown on this map are the actual elevations of the 1% Annual Chance Flood (ACF) based on the National Flood Insurance Program (NFIP) data. These elevations are based on the National Flood Insurance Program (NFIP) data. These elevations are based on the National Flood Insurance Program (NFIP) data.

**Map Colors:** shown on this map are the actual elevations of the 1% Annual Chance Flood (ACF) based on the National Flood Insurance Program (NFIP) data. These elevations are based on the National Flood Insurance Program (NFIP) data. These elevations are based on the National Flood Insurance Program (NFIP) data.

**Map Lines:** shown on this map are the actual elevations of the 1% Annual Chance Flood (ACF) based on the National Flood Insurance Program (NFIP) data. These elevations are based on the National Flood Insurance Program (NFIP) data. These elevations are based on the National Flood Insurance Program (NFIP) data.

**Map Text:** shown on this map are the actual elevations of the 1% Annual Chance Flood (ACF) based on the National Flood Insurance Program (NFIP) data. These elevations are based on the National Flood Insurance Program (NFIP) data. These elevations are based on the National Flood Insurance Program (NFIP) data.

**Map Symbols:** shown on this map are the actual elevations of the 1% Annual Chance Flood (ACF) based on the National Flood Insurance Program (NFIP) data.
