

NOTES TO USERS

This map is for use in administering the National Flood Insurance Program. It does not constitute a warranty of accuracy or a promise, particularly with respect to the amount of insurance available for a particular property. The amount of insurance available for a particular property is determined by the National Flood Insurance Program.

To obtain more detailed information in areas where **Base Flood Elevations** are shown, please refer to the Flood Insurance Study report that accompanies this map. The Flood Profile and Floodway Data and Summary of Elevation Exemptions data contained within the Flood Insurance Study (FIS) report that accompanies this map should be used to determine the Base Flood Elevation for a particular property. These data are intended for insurance purposes only and should not be used as the sole basis of flood insurance information. Accordingly, flood elevation data presented in the FIS report should be related in conjunction with the FIS for purposes of construction and floodplain management.

Coastal Base Flood Elevations shown on this map apply to the National Flood Insurance Program (NFIP) areas that are subject to the National Flood Insurance Program. Coastal Base Flood Elevations are based on the National Flood Insurance Program (NFIP) Coastal Flood Insurance Study report that accompanies this map. Coastal Base Flood Elevations are based on the National Flood Insurance Program (NFIP) Coastal Flood Insurance Study report that accompanies this map.

Coastal areas not in Special Flood Hazard Areas may be protected by flood insurance. Refer to Section 2 of the Flood Insurance Study report for information on flood control structures for this jurisdiction.

The projection used in the preparation of this map was Universal Transverse Mercator, Zone 12. The datum used was the North American Datum of 1983. The datum used in the preparation of this map was the North American Datum of 1983. The datum used in the preparation of this map was the North American Datum of 1983.

Flood elevations on this map are referenced to the North American Vertical Datum of 1988. These flood elevations must be compared to structure and ground elevations referenced to the same vertical datum. For information regarding conversion between the National Flood Insurance Program's datum of 1988 and other vertical datums, refer to the National Flood Insurance Program's datum of 1988 and other vertical datums, refer to the National Flood Insurance Program's datum of 1988.

For more information, contact the National Flood Insurance Program at 1-800-368-6618 or visit the website at www.flood.gov.

To obtain current elevation, description, and location information for **beams** shown on this map, please contact the Elevation Services Branch of the National Flood Insurance Program at 1-800-368-6618 or visit the website at www.flood.gov.

Base map information shown on this map was provided by Yavapai County. This map was produced in 2005. This map was produced in 2005. This map was produced in 2005.

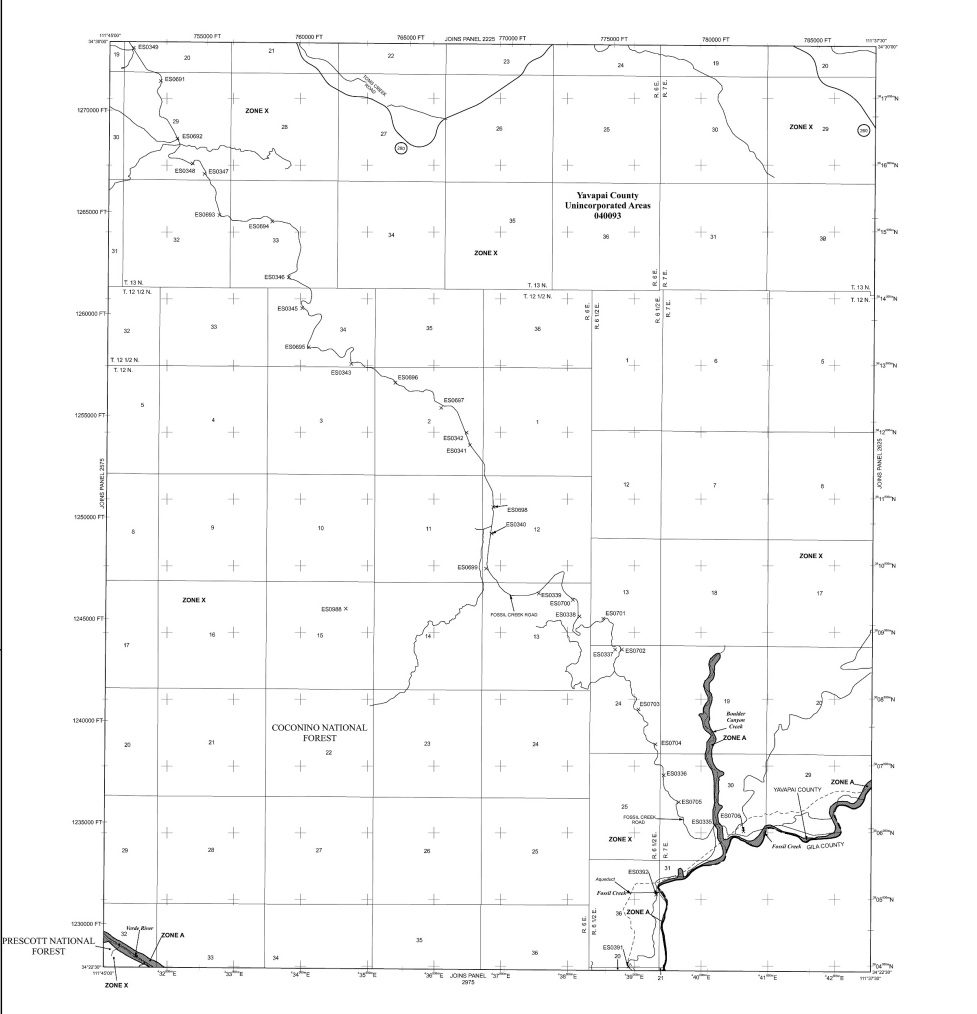

This map, which was prepared and printed, shows changed configurations from those shown on the previous FIS for this jurisdiction. The Flood Profile and Floodway Data were transferred from the previous FIS to this map. The Flood Profile and Floodway Data were transferred from the previous FIS to this map.

Geographic details shown on this map are based on the best data available at the time of publication. Because changes due to construction or development may have occurred since the map was published, map users should contact appropriate community officials to verify current property locations.

Please refer to the appropriate **map book** for an outline map of the county showing the layout of map panels. Community map regulatory authorities and a listing of contributing state and federal Flood Insurance Program zones for each community as well as a listing of the panels on which each community is located.

Contact the **FEMA Map Service Center** at 1-800-368-6618 for information on available products associated with the FIS. Available products may include preliminary report letters of Map Change, a Flood Insurance Study report, and digital versions of this map. The FEMA Map Service Center can also be reached by fax at 1-800-368-6618 or by e-mail at fema@fema.gov.

If you have **questions about this map** or questions concerning the National Flood Insurance Program in general, please call 1-877-FEMA-MAP (1-877-368-6618) or visit the FEMA website at www.flood.gov.
