Users should be aware that BFEs shown on the FIRM represent model-derived elevations. These elevations are based on flood elevation data generated in the FIS report and should be used in conjunction with the FIS report for purposes of construction and/or floodplain management.

Base map information shown on the FIRM was derived from digital data provided by Yavapai County. Digital orthorectification was collected by the U.S. Department of Agriculture Farm Service Agency (2015) and by Digital Globe imagery (2014).
